

INTRODUCTION

Our firm, Abich Financial Wealth Management, is an investment advisor registered with the Securities and Exchange Commission. We feel that it is important for retail investors to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisors, broker-dealers, and investing.

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Asset Management: If you open an advisory account with our firm, we will meet with you to understand your current financial situation, existing resources, objectives, time horizon and risk tolerance. Based on what we learn, we will recommend a plan and portfolio of investments that is monitored and reviewed regularly, but no less than quarterly, and, if necessary rebalanced to meet your changing needs and goals. We manage accounts on a discretionary, limited discretionary or non-discretionary basis. Under discretionary authority, after you sign an agreement with our firm, we are allowed to buy and sell investments in your account without asking you in advance. Under limited authority, after you sign an agreement with our firm, the advisor will not execute any investment recommendations in accordance with Advisor’s Statement of Investment Policy (or similar document used to establish objective and suitability) without the Client’s prior written or verbal approval. Client may choose to grant Advisor verbal approval time and price discretion which grants Advisor limited discretionary authority. The Advisor will only have discretionary authority to place trades without prior Client approval when rebalancing the account back to previously determined asset levels. The Advisor will only change the asset allocation after obtaining verbal or written approval from the Client. Under non-discretionary authority, after you sign an agreement with our firm, the advisor will not execute any investment recommendations without Client’s prior verbal or written approval. At this time, all of Abich Financial Wealth Management’s clients are under discretionary authority. The limitations on our discretionary authority will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated. Our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

Financial Planning Services: Our financial planning and consulting services may include, but are not limited to, investment planning, retirement planning, personal savings and budget planning, education savings, estate planning, final expense planning, insurance needs and other areas of a client’s financial situation. Financial planning services are separate from our Asset Management service. Financial planning is a complimentary service offered to clients that do business with Abich. *Additional information about our advisory services is located in Item 4 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/310633>.*

Conversation Starters:

Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

WHAT FEES WILL I PAY?

Asset Management: You will be charged an ongoing fee applied monthly based on the value of assets in your account. Investment advisory fees are based on the market value of assets under management at the end of the prior month. Investment advisory fees do not exceed 1.5% of assets under management unless the scope, complexity or time required warrant a higher or lower fee. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account to increase our fees. Our fees vary and are negotiable. Our firm’s fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

Financial Planning Services: At its sole discretion, Abich Financial Wealth Management may include financial planning as part of an ongoing investment management engagement. Financial planning is typically a complimentary service offered to clients engage with Abich Wealth Management for asset management services. We have a conflict of interest in that if you decide to have us implement the advice given in the financial analysis, we are paid for asset management services as disclosed above. For clients who wish to only use us for financial planning and not engage with us for asset management services, our maximum flat fee is \$20,000 and our maximum hourly rate is \$350. We charge an upfront retainer when you sign an agreement for this service or charge you when we provide a financial plan or consultation.

Other Fees: The custodian that holds your assets may charge you a transaction fee when we buy or sell an investment for you. You may also pay charges imposed by the custodian holding your accounts for certain investments and for maintaining your account. Some investments, such as mutual funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as “surrender charges” to sell variable annuities. In certain cases, we may select third party asset managers to manage your account. If selected, they will charge you an additional management fee, which will be outlined in their separate advisory agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is located in Item 5 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/310633>.

Conversation Starters:

Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment advisor, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

- Some of our financial professionals are also insurance agents who sell insurance products for a commission. These individuals have an incentive to recommend insurance products to you in order to increase their compensation.
- Abich Financial Wealth Management participates in the Charles Schwab & Co. Inc. program, and we prefer that you have Charles Schwab serve as the qualified custodian for your assets. Charles Schwab provides us with certain products and services at no cost that benefit us but do not benefit our clients. Certain of these products and services assist us in managing and administering our clients' accounts and others help us develop our business. The receipt of these products and services creates a conflict of interest because it gives us an incentive to have you use Charles Schwab as a custodian. Clients are unable to choose a qualified custodian other than those recommended by Abich Financial Wealth Management.

Conversation Starters:

How might your conflicts of interest affect me, and how will you address them?

Additional information about our conflicts of interest is located in Item 10 and 12 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/310633>.

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs.

DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE LEGAL OR DISCIPLINARY HISTORY?

No. Abich Financial Wealth Management values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Advisor Public Disclosure website at www.Advisorinfo.sec.gov by searching with the Advisor's firm name or CRD# 310633.

Conversation Starters:

As a financial professional, do you have any disciplinary history? For what type of conduct?
